

21 March 1952

MEMORANDUM FOR: Assistant Director (Personnel)  
General Counsel  
Chief, Medical Staff  
Comptroller

1. At the Director's Staff Meeting on 20 March 1952, he noted an item in the log, indicating that [REDACTED] and his six-year-old son had contracted polio and were being transferred to the States. The Director was very interested in the medical and other assistance which the Agency could give to [REDACTED]

2. I explained to the Director that we could pay for the employee's hospitalization and that through the Bureau of Employees' Compensation we could possibly arrange financial assistance if he should not be able to return to duty by the expiration of his annual and sick leave. I also explained that we could not assist financially on the expenses incident to medical care of [REDACTED] son.

STATINTL

3. The Director emphasized that he wanted everything possible done in this case and that if it was desirable for him personally to take any action whatever, he should be advised without delay.

4. Mr. Wolf requests that the Assistant Director (Personnel) follow this case very closely, with assistance from the Chief, Medical Staff, General Counsel, and Comptroller. Mr. Wolf desires to be kept informed personally of every detail in connection with this case.
